Dear NCLEX-RN Applicant:

Request for Testing Accommodations to write the National Council Licensure Exam for Registered Nurse (NCLEX-RN)

In response to your request for testing accommodations to write the NCLEX-RN, please find attached the necessary forms and information.

In order to have your request assessed, we require the following:

- Complete the attached Testing Accommodations Candidate Application Form and return it to our office by uploading via your online account, select Additional Requirement from the drop down menu.

- Forward the Documentation of Disability Related Needs Form to a qualified health professional who has known you for a period of time and has been involved in the treatment of your disability, e.g., physician, psychologist, etc., that approved/recognized/diagnosed your need for testing accommodation. We require that they complete this form and return it to our office. They may scan and email to exams@srna.org or mail directly to the SRNA.

- If you were granted testing accommodations during your nursing education program contact the Dean and ask them to send a letter directly to the Registrar of the SRNA, stating the testing accommodations that have been provided to you during your nursing education. The Dean may forward this letter by email to exams@srna.org or mail directly to the SRNA.

- The SRNA reserves the right to ask for further clarification.

Do not schedule an appointment with Pearson VUE to take the NCLEX-RN until you have received written confirmation of your accommodations from the SRNA and your Authorization to Test (ATT) email from Pearson VUE indicates “Accommodations Granted”.

Candidates approved for testing with accommodations must schedule their testing appointment through the NCLEX Accommodations Coordinator by calling Pearson VUE NCLEX Candidate Services at the telephone number listed on their ATT and asking for the
NCLEX Accommodations Coordinator. Candidates with accommodations cannot cancel their accommodations at the time of their appointment.

Candidates approved for testing with accommodations cannot schedule their appointments through the NCLEX Candidate website.

If you have questions or concerns, please contact at the SRNA at exams@srna.org.

1 A qualified health professional is one who has known the candidate for a period of time and has been involved in the treatment of their disability and has the professional qualifications to assess, diagnose, and/or treat the applicant’s disability, impairment, condition or disorder (e.g., nurse practitioner, physician, psychologist, etc.).

2 The NCLEX examination is designed to test knowledge, skills and abilities essential to the safe and effective practice of nursing at an entry level to practice. The NCLEX is not offered in paper-and-pencil or oral examination format, but is a variable length, computerized adaptive test. The examination is taken over an uninterrupted six (6) hour period and is taken in a test room containing a computer in an individual cubical along with an erasable note board and marker.
